

MINUTES ANNUAL MEETING OF THE  
BLUE MOUNTAIN DISTRIBUTION SYSTEM

The annual meeting of the Blue Mountain Distribution System was held in the Commissioners Room of the San Juan County Courthouse on March 10, 1981.

The meeting was convened at 11:05 a.m.

At the request of Chairman Max Dalton, the meeting was conducted by Mark Page, Area Engineer. Mark introduced the representatives of the State Engineer's Office.

The minutes of the previous year's meeting were read by Mark Page. The minutes were approved as read. A brief note was made concerning the checking of various measuring devices by Daryl Redd, Max Dalton and representatives of the State Engineer's Office on July 3, 1980.

Chairman Dalton commented on 1980 water year, stating that it was very good and comparable with the 1979 water year. Both years were well above average. The 1981 water year was not expected to be good, however, time is still available for the snow pack to accumulate.

The next item of business was the reading of the financial statement. The balance of distribution trust funds as of December 31, 1980 was \$461.10. It was discussed that it has been several years since assessments were made or expenditures drawn against the account. However, these funds are available to the distribution system if needed. The financial statement was accepted as read.

The need for a water commissioner was discussed next. It was the opinion of those present that the system could function under the distribution committee as it had been doing for the past several years. A motion was made by Francis Barton that the present committee be retained for the 1981 water year. A second to the motion was made by Daryl Redd. The motion carried unanimously. Members of the distribution committee include:

Chairman:	Max Dalton	
Committee:	Don Barton	Verdure Creek
	Ernest Sondereggar	Pioneer Ditch
	Jeff Frost	Spring Creek
